Junior Full Stack Developer

Edleson Duarte Batista Junior (Eddy)

Junior Full Stack Developer with a background in Computer Science and hands-on experience in developing modern web applications. Focused on Front-End development using React, Next.js, and TypeScript, building responsive and high-performance user interfaces. On the Back-End, experienced with Node.js and REST API development. Familiar with Docker, Git version control, and integration with cloud services (Azure). Analytical, organized, and committed to continuous improvement.
